Declaration of doctor-I, Dr. Sneha Solanki the undersigned hereby declare that while conducting ultrasonography on MRS. SARIKA GANISH AYDUT I have neither doctored nor disclosed the sex of the fetus to anyone in any manner.

SNEHA GOVIND SOLANKI
M.B.B.S, D.M.R.I.

However all the anomalies may not always be detected in a particular scan as ultrasound has its own limitations. Detection of congenital anomalies depends on fetal pose, fetal position, amount of fluid, penetration of sound waves, patient's body habitus & technical limitations. Few anomalies may exist as resonance artefacts.
