S.No. 8/11, Plot No. 97, Ashoka Society, Near Varroc-Vengsarkar Cricket Academy, Thergaon, Pune - 411033

Date : ____/____/20____

Patient's Name : _____ Age : ____ yrs. Sex : M / F

Address : _____ Pulse ____/Min, BP ____ mm Hg, Wt. ____ kg.

Diagnosis : _____

Rx

To a histopathologist may come.

Patient name Mrs. Anita Pooval Vargu was
taken for surgery as a plan case for
LSCS ↓ S-A After incision taken
on deep layer ~~white~~ ~~entering~~ ~~peritoneum~~
before entering the peritoneum there
two sacs were found with free fluid inside
it. Both pouch/sacs were attached to
each other but were not adherent to any
other layer of skin or peritoneum.
Hence it was not normal so the sample
were sent for HPE

- * कोणत्याही इंजेक्शन / औषधाची अॅलर्जी / रिअॅक्शन येवू शकते. (माहित असल्यास अॅलर्जीबद्दल डॉक्टरांना स्वतःहून चेकीच कल्पना देणे.)
