Impression:-

Single Alive Fetus of GA:-08Wks 00Days.

(Repeat USG after 30 Days)

Signature

The visualization of the fetal parts depends on the fetal position, fetal movement & adequacy of liquor. all congenital abnormalities are not identified on us evaluation, this is a professional opinion. not the final diagnosis & should be interpreted in the light of clinical background, this report is not for medico legal purposes. Always suggest a second opinion if clinically indicated. Sex determination is illegal & unethical and not done.
