

## SERUM PROTEIN ELECTROPHORESIS REPORT

PATIENT NAME Mr. PRANAV BANERJI  
AGE/GENDER 66 YRS/Male REPORTED DATE  
SAMPLE ID A0126735

| Index     | Band    | Rel. Area | Total Protein Conc. (g/dL) | Range (g/dL)  |
|-----------|---------|-----------|----------------------------|---------------|
| 1         | Albumin | 45.16%    | 3.70                       | 3.20 ... 5.00 |
| 2         | Alpha 1 | 7.56%     | 0.62 H                     | 0.10 ... 0.40 |
| 3         | Alpha 2 | 9.55%     | 0.78                       | 0.60 ... 1.00 |
| 4         | Beta    | 11.98%    | 0.98                       | 0.60 ... 1.30 |
| 5         | Gamma   | 25.75%    | 2.11 H                     | 0.70 ... 1.50 |
| Total     |         |           | 8.20                       |               |
| Ratio A/G |         | 0.82      |                            |               |

### COMMENTS:

Suggestive of Hypergammaglobulinemia with raised Alpha globulins  
Please correlate clinically.
