Respected sir,

Above mentioned patient was suffering from severe Gastritis since 1 year. She underwent OGDscopy last year with diagnosis severe Gastritis and RUT kit positive for H. pylori infection; taken treatment for that at that time and got some relief.

Dr. Sign.

Now, she had again complaints
of Gastritis since few days.
so again oGD scopy done,
and diagnosed as severe
ulcerative Gastritis with
severe erosions. Taken
treatment for that and
again follow up oGD scopy
done after 2 days, with
some ulcers.

so, we taken endoscopic
Biopsy from Anterior of
Stomach and send for
HPE. so please give
HPR for further confirma-
tory diagnosis and treatment.

Thank you!

Raj
