DR. KANCHAN MAJHI
MBBS, MS (OBG/GYN)
Consultant Radiologist / sonologist

(Please correlate clinically)

Kindly Note

- Please intimate us for any typing mistake and send the report for correction within 7 days.
- The science of radiological diagnosis is based on the interpretation of various shadows produced by both the normal and abnormal tissues and are not always conclusive. Further biochemical and radiological investigation and clinically correlation is required to enable the clinician to reach the final diagnosis.

Not for MLC
