

## SERUM PROTEIN ELECTROPHORESIS REPORT

|              |                         |                     |            |
|--------------|-------------------------|---------------------|------------|
| Patient Name | Mrs. BAIJAYANTI         | Sample Process Date | 01/14/2026 |
| Age/Gender   | PARINA<br>71 YRS/Female | Sample ID           | D0027932   |

| Index     | Band    | Rel. Area | Protein Conc | Range (g/dl)  |
|-----------|---------|-----------|--------------|---------------|
| 1         | Albumin | 49.60%    | 3.77         | 3.20 ... 5.00 |
| 2         | Alpha 1 | 6.85%     | 0.52 H       | 0.10 ... 0.40 |
| 3         | Alpha 2 | 11.50%    | 0.87         | 0.60 ... 1.00 |
| 4         | Beta    | 16.60%    | 1.26         | 0.60 ... 1.30 |
| 5         | Gamma   | 15.45%    | 1.17         | 0.70 ... 1.50 |
| Total     |         |           | 7.60         |               |
| Ratio A/G |         | 0.98      |              |               |

### COMMENTS:

SPE reads an increase in Alpha1 fraction. Suggestive of Acute Inflammation.
